Sizing

Sizing charts are available on the next page. Please take care to select the correct size as exchanges or refunds cannot be made after orders have been placed. A limited range of generic samples are available on request though this will add to the delivery timescale.

Ordering

Orders can be placed either through an online Teamroom @ £3.99 order which includes delivery individual bagging per athlete, or through sending a list in which case delivery is charged at £20-£40 total depending on order size. All orders are shipped directly to the kit secretary. Individual bagging per athlete is only available with Teamroom orders.

Sponsorship

Sponsorship is available for clubs whose orders exceed £5000 per year and requires HRR-compliant stickers on racing shells. Termaxx can work with you to generate funds for your club.

Height (cm)	145-155	155-165	165-175	175-185	185-195	195+

Disclaimer: Sizing is never an exact science. Every rower is different - one person's too tight is another's too loose. We include the charts above to help with sizing decisions but as is the case with all manufacturers of made-to-order items, we cannot offer returns or refunds for any sizing related issues. We strongly recommend that all clubs order a small stock of the most popular items in various sizes for swaps or new members - it really is worth it. Thank you for your understanding
