Fort Scott Munitions™ (FSM®) 44 MAGNUM ammo is match grade handgun ammunition that is designed to be extremely accurate with a high velocity while traveling at over 1600 feet per second. Engineered to create a dynamic wound cavity, the unique, double patented design of our 44 MAGNUM (TUI™) pistol ammunition penetrates targets deeply.

Accurate Performance

This fast and massive 200-grain projectile gives you superior accuracy in a faster bullet. Its outstanding ballistic performance guarantees that your aim will be precise in a hostile situation. When you need hard-hitting home-defense ammunition that you can trust, Fort Scott Munitions™ 44 MAGNUM (TUI™) Handgun Ammo is the solution.

Powerful Defense Ammo

Fort Scott Munitions™ has paired the perfect projectile and powder charge to pack a big punch in this high-quality self-defense ammo. This caliber is the ideal choice when you need a higher velocity bullet that maintains its exceptional accuracy. Designed to Tumble Upon Impact™ (TUI™), the 44 MAGNUM (TUI™) ammo has a high degree of energy transfer and causes a destructive wound channel.

Full-Force Law Enforcement

The pinpoint accuracy and terminal performance of 44 MAGNUM (TUI™) Handgun Ammo makes for a great option for modern law enforcement and security work. Each 200-grain projectile is constructed using only the highest-quality components, making this the match grade ammo you need when dependable performance is vital. In situations where lives are on the line, you can draw your weapon with complete confidence, knowing that your handgun skills will not compromise your ammo.
