

SAFETY DATA SHEET: Stainless Steel Cleaner & Polish

1 Identification

GHS Product Identifier

GD-SSCP

Other means of identification

Stainless Steel Cleaner & Polish

Recommended use of the chemical and restriction on use

Metal surface cleanear and polish.

Supplier's details

Green Dolphin Inc.
1351 Matheson Blvd. Unit 4B
Mississauga, ON L4W 2A1
(905) 673-0707

Emergency phone number

(905) 673-0707 / CANUTEC 1-888-226-8832

2 Hazard(s) identification

Classification of the substance or mixture

Not a WHMIS Hazardous product.

GHS label elements

Warning

May cause an allergic skin reaction

Causes eye irritation

3 Composition/information on ingredients

Description	CAS Number	EINECS Number	%	Note
Not a WHMIS Hazardous product.			0	

4 First-aid measures

Description of necessary first-aid measures

Inhalation: If unwell after inhalation, remove person to fresh air and keep at rest in comfortable breathing position. If feeling persists, seek medical attention.

Skin Contact: Wash hands and skin thoroughly after contact. If irritation persists, seek medical attention.

Eye Contact: Rinse eyes cautiously and thoroughly for several minutes. Remove contact lenses if possible.

Ingestion: If unwell, seek immediate medical attention.

5 Fire-fighting measures

Suitable extinguishing media

That for surrounding materials.

Specific hazards arising from the chemical

N/AP

Special protective actions for fire-fighters

N/AP

6 Accidental release measures**Personal precautions, protective equipment and emergency procedures**

Wear adequate personal protective clothing.

Environmental precautions

Stop and contain spill.

Methods and materials for containment and cleaning up

Dike area and contain spill. Pump to container for recovery or disposal according to local, provincial or federal regulations.

7 Handling and storage**Precautions for safe handling**

Avoid contact with eyes and skin.

Conditions for safe storage, including any incompatibilities

Keep container tightly closed when not in use. Store in a cool dry place.
Keep away from incompatible materials (see Section 10).

8 Exposure controls/personal protection**Control parameters**

N/A

Appropriate engineering controls

Effective ventilation system.

Individual protection measures

SKIN: Not normally required. Use impervious gloves in case of sensitive skin.

EYES: Safety goggles or face shield may be used. Ensure equipment is properly fitted for user. Equipment should be tested and approved under government standards. Contact lenses should not be worn when working with this material.

RESPIRATORY: Not normally required. If in poorly ventilated areas, self-contained breathing apparatus should be used. Ensure equipment is properly fitted for user. Equipment should be tested and approved under government standards.

9 Physical and chemical properties**Physical and chemical properties**

Physical State:	liquid	Appearance / Colour:	milky white, typical odour
Odour:	none	Odour Threshold:	no data available
Boiling Point:	N/AV	Freezing Point:	0 degrees C
Relative Density (water=1):	no data available	Solubility in Water:	soluble
pH:	5.0-5.5	Partition coefficient, n-Octano/Water:	no data available
Vapour Pressure:	no data available	Vapour Density (air=1):	no data available
Evaporation Rate:	no data available	Flash Point:	no data available
Specific Gravity:	1.005	Density:	no data available
Viscosity, Kinematic:	slightly viscous	Explosive Limits:	no data available

10 Stability and reactivity

Reactivity

None known.

Chemical stability

Stable under normal condition.

Possibility of hazardous reactions

None known.

Conditions to avoid

Extreme heat and cold.
Keep container tightly closed when not in use.

Incompatible materials

Strong acids and reactive metals.

Hazardous decomposition products

Oxides of carbon

11 Toxicological information

Toxicological (health) effects

Irritant.

Information on the likely routes of exposure

Eyes, skin, ingestion and inhalation.

Symptoms related to the physical, chemical and toxicological characteristics

Skin and Eyes: May cause reddening and irritation upon repeated exposure.

Ingestion: May cause nausea, vomiting and abdominal pain.

Inhalation: May cause irritation to respiratory tracts.

Numerical measures of toxicity (such as acute toxicity estimates)

Not established.

Interactive effects

No data available.

12 Ecological information

Toxicity

No data available.

Persistence and degradability

No data available.

Bioaccumulative potential

No data available.

Mobility in soil

No data available.

Other adverse effects

No data available.

13 Disposal considerations

Disposal methods

In accordance with municipal, provincial and federal regulations.

14 Transport information

UN Number

Not classified.

Packing group, if applicable

Not classified.

Environmental hazards

Not classified.

Special precautions for user

No special precautions required. Normal care should apply.

15 Regulatory information

Safety, health and environmental regulations specific for the product in question

WHMIS information: Not regulated under WHMIS. This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and this SDS contains all the information required by the CPR.

16 Other information

Other information

Prepared by: Green Dolphin Inc. (tel: 905 673 0707)

Disclaimer: As the handling and use of products under user's conditions are beyond our control, no warranty, expressed or implied, including, but not limited to merchantability or fitness for a particular use, is made concerning this product. The user assumes all risk of use or handling whether or not in accordance with any directions or suggestions of the supplier. Seller shall not be liable to purchaser or any other person for loss or damages directly or indirectly arising from the use of our products, from breach of any warranty or from any other cause, the exclusive remedy against the seller being to require replacement or repair of defective goods.
