

CLEVER DECORATION IDEAS FOR YOUR BULLET JOURNAL

WASHI TAPE

Use simply or to divide a page. Cut to create mini stickers or a sticker strip. Layer and cut into letter shapes. Use wide washi behind a dutch door.

COLOURED PAPER

Cut into shapes and stick. Create windows to open. Cut journal pages with coloured paper behind. Use a paper punch to create shapes to stick in. Cut letters out of paper as a title.

INK AND STAMPS

Save time on your pages with inked backgrounds - use stencils or freestyle! Paint pens work well on top. Decorative stamps add detail without drawing!

CUT THE PAGE

Be brave and cut the page! Use a kraft knife to create shapes then add paper/images behind. Cut a dutch door! Create decorative edges to your page.
