

Choosy Pinwheel

Take learning outside with Choosy's newest activity. Children will enjoy the hands-on experience as they strengthen fine motor skills and build upon their creative abilities. Add a variety of shapes, patterns, and colors to the creative process for even more learning fun! As the pinwheel spins, add Choosy to the experience by asking questions like, "The pinwheel is spinning really fast. Can you run in place really fast? What about really slow?"

Materials: Printable template, scissors, hole puncher, glue, pencil, push pin, any preferred decorations

Estimated Time: Less than 30 minutes

Step 1

Print and cut template. The FREE template is available to download at choosykids.com.

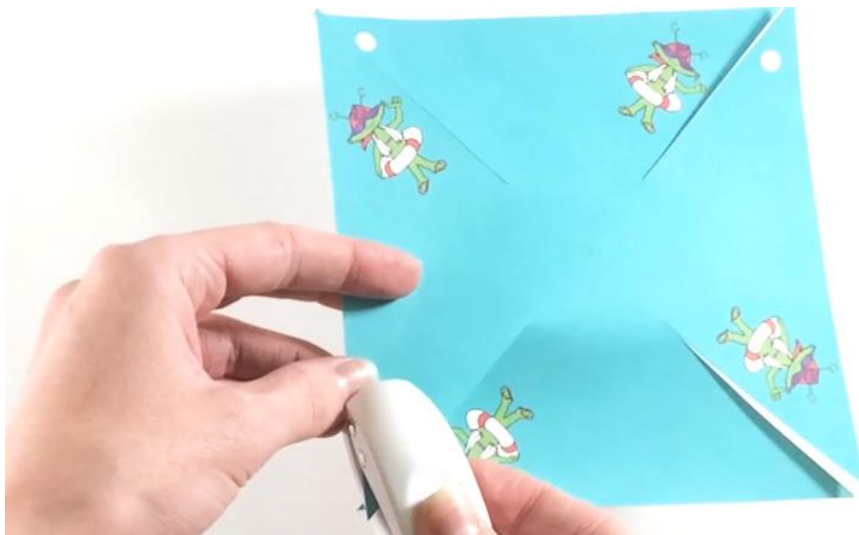

Step 2

Cut the dotted lines towards the center of the template.

Step 3

Use a hole puncher to add holes on the bottom corners of the previous cut. Be sure the holes are on the opposite side of Choosy.

Step 4

Bend the corners of the pinwheel up and thread your push pin through the holes.

Step 5

Insert the push pin through the center of the pinwheel template. Be careful not to poke yourself with the push pin.

Step 6

Push the push pin through the eraser of the pencil. Again, be careful not to poke yourself with the push pin.

Step 7

Decorate your pinwheel.
