

I'm Moving, I'm Learning (Track # 13)

I'm moving, I'm Learning (x3)
I'm Moving, moving, moving, moving

C'mon everybody, let's show em' how it's done
If you're somebody's daughter or if you're somebody's son
Feelin' this good is all kinds of fun! That's how we kick it in the Choosy Kids Club!

I'm learning what, what, what... what, what, what
What my body does... What my body does
Like bend...and stretch

I'm learning how, how, how... how, how, how
How my body moves... How my body moves
Like fast....and slow

I'm learning where, where, where... where, where, where
Where my body moves... where my body moves
Like high.... and low

I'm moving with, with, with... with, with, with
With my Choosy friends... With my Choosy friends
Now everybody dance and sing...
everybody dance and sing

I'm movin', I'm learnin' (repeat)
I'm learning to move, and I'm moving to learn
So come on everybody help me sing this song
I'm movin', I'm learnin' (repeat)
I'm learning to move, and I'm moving to learn
So I have a healthy body my whole life long

I'm Moving, moving, moving, moving

I'm learning what, what, what... what, what, what
What my body does... What my body does
Like twist...and turn

I'm learning how, how, how... how, how, how
How my body moves... How my body moves
Like start... and stop

I'm learning where, where, where... where, where, where
Where my body moves... where my body moves
Like forward... and backward

I'm moving with, with, with... with, with, with
With my Choosy friends... With my Choosy friends
Now everybody dance and sing... everybody dance and sing

I'm movin', I'm learnin' (repeat)
I'm learning to move, and I'm moving to learn
So come on everybody help me sing this song
