

saltability™

HIMALAYAN SALT BAMBOO WARMING TRAY (patent pending)

Saltability's Himalayan Salt Bamboo Warming Tray holds and warms 20 Himalayan salt stones, ready for therapists' use with Himalayan Salt Stone Massage, and creates a healthier spa environment.

Warms Himalayan salt stones to 108 to 120 degrees (depending on stone size, weight, thickness) and **maintains stones' consistent temperature.** Salt stones will warm to desired temperature in approx. 40 minutes.

Made of **bamboo, intentionally chosen by Saltability for its ecological benefits:** abundant and sustainably harvested.

Features a **silicon-covered base with state-of-the-art heating technology that maintains a consistent temperature.** Easily cleaned in seconds by daily spraying and wiping it with Decon 30 disinfectant.

As an added benefit, **warmed Himalayan salt in the bamboo tray gives off negative ions in your spa environment,** helping to relieve anxiety, reduce stress, improve sleep, reduce indoor air pollution and allergens and more.

Keep Saltability Himalayan Salt Bamboo Warming Trays in each treatment room, or in a break room/professional stocking room. Saltability's insulated salt stone bag (\$12) may be used to transport 10 to 12 warmed stones from the bamboo tray to the treatment room – and will maintain the stone's warmth during treatment.

Available for \$299

Includes

13" x 20" natural bamboo tray with silicon-covered warming pad

20 Himalayan salt stones (6 round, 6 oval, 6 teardrop and 2 heart stones)

OPTIONAL

Decon 30 Spray (\$12.50)
Insulated bag (\$12)

Order at **saltability.com**
or call **888-241-2095.**

SALTABILITY HIMALAYAN SALT STONES

Mined from the Himalayan Mountains in Pakistan through socially, environmentally responsible manufacturing.

- 100% pure pink Himalayan salt
- Certified organic
- Antimicrobial
- Antibacterial

3 EASY STEPS ...

- 1. START UP** — Set the 7-day timer to turn on 45 minutes prior to spa opening and to shut off automatically at spa closing time.
- 2. UPGRADE** — With the tray on and ready, guests can easily upgrade classic treatments with Himalayan salt.
- 3. CLEAN UP** — Spray Decon 30, an EPA registered, hospital grade, nontoxic disinfectant, on salt stones, then dry with a cotton towel to disinfect the stones between use. Nontoxic, Decon 30 is safe for guests, therapists, and salt stones.
