

MATERIAL SAFETY DATA SHEET

1. Identification of The Material

Product (material) name: Locks Lash AfterWax Calming Solution

Other names: Isopropyl Myristate

Recommended use: After waxing oil for skin

Date: 04 Oct 2019

Version: Replaces 15/09/2017

2. Hazards Identification

Hazard classification: Non-hazardous according to NOHSC criteria.

Risk phrase(s): Not applicable

Safety phrase(s): Not applicable

3. Ingredients

Ingredients:	CAS number:	Concentration:
Isopropyl Myristate	110-27-0	>60%
Tea Tree (Melaleuca Alternifolia) Oil	85085-48-9	>1%
D&C Green 6 (CI 61565)	128-80-3	>1%
D&C Violet 2 (CI 60725)	81-48-1	>1%

NOTE: Allergens reported on label include Methyl 2-Octynoate and Linalool. These are components of the Tea Tree (Melaleuca Alternifolia) Oil

MATERIAL SAFETY DATA SHEET

4.1 First Aid Measures

Description of necessary first aid measures Ingestion In case of:

Ingestion, seek medical advice immediately and show packaging. DO NOT INDUCE VOMITING. Wash mouth out with water.

Eye: Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice straight away.

Skin: Product intended for use on skin. If irritation develops, wash off with soap and water. Seek medical advice for persistent irritation.

Inhalation: Move person to fresh air. Get medical attention if irritation persists

Emergency Contacts: Poisons Information Centre (Australia) 13 11 26.

4.2. Medical Attention And Special Treatment

First Aid Facilities: A source of clean water should be available in the work area for flushing eyes and skin.

Notes to physician: Treat symptomatically

5. Fire Fighting Measures ...CONTINUE TO NEXT PAGE

Flammable properties: Not Flammable.

Combustible. Slight fire hazard when exposed to heat of flame

MATERIAL SAFETY DATA SHEET

5. Fire Fighting Measures ...CONTINUED

Suitable extinguishing media: Foam, water jet spray, dry chemical powder, carbon dioxide

Hazards from combustion products: May include and are not limited to: Oxides of carbon

Protective equipment for firefighters: Firefighters should wear full protective clothing including self contained breathing apparatus.

6. Accidental Release Measures

Personal precautions: None known

Environmental precautions: Do not discharge into lakes, streams, ponds or public waters. Advise authorities if the product has penetrated drains, sewers and water pipes.

Methods for containment Minor spill: Clean up spills immediately. Avoid breathing vapor and contact with eyes.

Major spill: soak up spilled product using absorbent non-combustible material such as sand or soil. When saturated, collect material in suitable, labelled, dry, sealable containers and hold for safe disposal.

Methods for cleaning: Refer above

MATERIAL SAFETY DATA SHEET

7. Handling And Storage

Handling

- Handling Avoid open flames.
- Avoid contact with eyes.
- Use good hygiene practices when handling this material
- Use according to package label instructions

Storage

- Storage Store containers upright and closed.
- Keep out of reach of children.
- Store in a cool, dry, well ventilated area.
- Store away from incompatible materials
- Avoid storage under direct sunlight

8. Exposure Controls/personal Protection

National exposure standards: None allocated

Biological limit values: None allocated

Engineering controls: Use in well ventilated area

Personal protective equipment: Safety glasses may be used for eye protection.

9. Physical And Chemical Properties

Appearance: Light blue transparent liquid

Odour: Characteristic of Tea tree oil

pH: Not available

Vapour Pressure: Not available

MATERIAL SAFETY DATA SHEET

9. Physical And Chemical Properties... CONTINUED

Vapour density: Not available

Melting point: Approximately 0 ° C

Solubility in water: Insoluble

Specific gravity: 0.84 – 0.87 g/mL

Flammable materials information:

Flash point and method of detecting flash point; <110 ° C

upper and lower flammable (explosive) limits in air; Not available
and ignition temperature: <350 ° C

Viscosity at room temperature: Liquid

Percent volatile: Not available

10. Stability And Reactivity

Chemical Stability: Product is stable under normal conditions of use, storage and temperature

Conditions to avoid: unknown

Incompatible materials: Oxidisers

Hazardous decomposition products: On combustion, may emit toxic fumes of carbon dioxide

Hazardous reactions: Combustible. Slight fire hazard when exposed to heat or flame.

MATERIAL SAFETY DATA SHEET

10. Toxicological Information

Effects of acute exposure:

- **Eye contact/Skin contact:** No risk anticipated in normal use. May cause eye irritation in some persons
- **Inhalation:** No risk anticipated in normal use.
- **Ingestion:** Can cause respiratory irritation in some persons. Not classified as harmful by inhalation. No risk anticipated in normal use
- **Chronic** No long term effects are known.

12. Ecological Information

Ecotoxicity: Toxic to aquatic organisms.

Persistence and degradability: Low

Mobility in environmental media: Low

Environmental protection: Do not discharge product unmonitored into the

13. Disposal Considerations

Disposal methods and containers: Dispose of in accordance with all applicable regulations. Containers should be emptied as completely as practical before disposal. If unsure about any form of disposal contact local Waste Disposal Authority. Please do not dispose into sewers or waterways.

14. Transport Information

UN Number: Not applicable

UN Proper Shipping Name: Isopropyl myristate

Class and subsidiary risk: Not applicable

Packing Group: Not applicable

MATERIAL SAFETY DATA SHEET

15. Regulatory Information

Regulatory Status: Australia Inventory of Chemical Substances (AICS)

16. Other Information

Document Information: Document Issued 04/10/2019

Replaces: 15/09/2017

17. Additional Information:

The information contained in this MSDS is, to the best of Locks Lash Australia's knowledge and belief, accurate and reliable as of the date issued. The information is provided without any warranty, expressed or implied regarding its correctness or accuracy. Similarly, no warranty expressed or implied shall be created or inferred regarding the product described in this MSDS and Locks Lash will not assume liability for any loss or damage arising out of the use of this information. It is the user's responsibility to satisfy itself that the product is suitable for its intended use.
