

MATERIAL SAFETY DATA SHEET

1. Identification of The Material

Product (material) name: Wax Off! Wax Pot Cleaner

Other names: Citrus Terpenus

Recommended use: Removal of wax residue

Date: 27 Sep 2022

Version: Replaces 26/10/2021

2. Hazards Identification

Hazard classification: Non-hazardous according to NOHSC criteria.

Hazard statement:

H227 Combustible liquid

H315 Causes skin irritation

H317 may cause an allergic skin reaction

H304 may be fatal if swallowed or enters airways

Safety phrase(s):

S07 Keep container tightly closed

S09 Keep container in a well ventilated place

S13 Keep away from food, drink and animal feeding stuffs

S25 Do not breathe vapour/fumes

S25 Avoid contact with eyes

MATERIAL SAFETY DATA SHEET

3. Ingredients

Ingredient	CAS number	Concentration
C10-12 Alkane/Cycloalkane	64742-48-9	>60%
Limonene	5989-27-5	10-<30%
CI 47000	8003-22-3	<1%

4.1 First Aid Measures

Description of necessary first aid measures Ingestion In case of:

Ingestion, Seek immediate medical attention. Do not attempt to induce vomiting unless directed to do so by a physician. Never give anything by mouth to an unconscious person.

Eye: Flush with water for 15 minutes including under eyelids. If person is wearing contact lenses, remove them prior to flushing. Seek medical advice.

Skin: Wash contact areas with soap and water. Remove contaminated clothing. Launder contaminated clothing before reuse. Seek medical attention for skin irritations.

Inhalation: Remove from further exposure. Use adequate respiratory protection. If respiratory irritation, dizziness, nausea, or unconsciousness, see immediate medical assistance.

MATERIAL SAFETY DATA SHEET

4.2. Medical Attention And Special Treatment

First Aid Facilities: A source of clean water should be available in the work area for flushing eyes and skin.

Comments: None

5. Fire Fighting Measures

Suitable extinguishing media: Use water fog, foam, dry chemical or carbon dioxide to extinguish flames. Do not use straight streams of water as this may cause spattering and spread the fire.

Hazards from combustion products: During a fire irritating and toxic gases maybe produced by combustion or thermal decomposition.

Special protective precautions and equipment for fire fighters:

Move exposed containers from fire areas if possible. When fighting fires involving significant quantities of this product, fire fighters should wear safety footwear, non-flammable gloves, overalls, hat, goggles and self-contained breathing apparatus.

MATERIAL SAFETY DATA SHEET

6. Accidental Release Measures

Personal precautions:

Avoid contact with spilt material. Warn or evacuate occupants in surroundings due to toxicity and flammability of the material. Prevent product from entering drains.

Methods and materials for containment and clean up:

Eliminate all ignition sources. Stop leak if safe to do so without risk. Do not touch or walk through spilt materials. Prevent entry into waterways, sewer, basements and confined areas. Absorb and cover with dry earth, sand or other non-combustible material and transfer to containers. Dispose of in accordance to local laws and regulations.

7. Handling And Storage

Precautions for safe handling:

This product is combustible. Observe precautions found on label. Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin

Conditions for safe storage, including any incompatibilities:

Keep container closed. Store in a cool, dry place away from direct sunlight.

MATERIAL SAFETY DATA SHEET

8. Exposure Controls/personal Protection

National exposure standards: None allocated

Exposure standard for C10-12 Alkane/Cycloalkane, time weighted average concentration (TWA) is 1200mg/m³ (171ppm).

Biological limit values: None allocated

Engineering controls: Use in well ventilated area

Personal protective equipment: Wear gloves to minimise contact.

9. Physical And Chemical Properties

Appearance: Transparent, yellow liquid

Odour: Characteristic of citrus

pH: Not applicable

Vapour Pressure: Not known

Vapour density: Not known

Boiling point/range: Not known

Melting point: Not applicable

Solubility in water: Not applicable

Specific gravity: 0.80 -0.84 g/mL

...CONTINUED ON NEXT PAGE

MATERIAL SAFETY DATA SHEET

9. Physical And Chemical Properties ...CONTINUED

Flammable materials information:

flash point and method of detecting flash point; Not applicable

upper and lower flammable (explosive) limits in air; Not determined and

ignition temperature. Not determined

Viscosity at room temperature: Liquid

Percent volatile: Not known

10. Stability And Reactivity

Chemical Stability: Stable under normal conditions

Conditions to avoid: Avoid heat, sparks, open flames and other ignition sources

Incompatible materials: Oxidising agents, mineral acids, halogenated organic compounds

Hazardous decomposition products: Combustion may yield large amounts of oxides of carbon, smoke, incomplete combustion products, flammable hydrocarbons.

Hazardous reactions: Hazardous polymerization does not occur

MATERIAL SAFETY DATA SHEET

10. Toxicological Information

Likely routes of exposure: Skin, eyes, inhaled.

Health effects from the likely routes of exposure:

Acute: No specific toxicological data is available.

Ingestion: Product may induce nausea.

Eye: May cause abrasive irritation to the eyes if they come into contact with the product.

Skin: Mildly irritating to skin with prolonged exposure

Inhalation: Negligible hazard at ambient/normal handling temperatures

Chronic: No long term effects are known.

Other Information: None

12. Ecological Information

Ecotoxicity: Not expected to be harmful to aquatic or terrestrial organisms.

Persistence and degradability: Expected to be readily biodegradable

Mobility: Highly volatile, will partition to air rapidly. Not expected to partition to sediment and wastewater solids.

Disposal methods and containers: Collect and seal in properly labelled drums for disposal dispose in accordance with appropriate government regulations. Contact relevant authority for details. No special considerations for containers.

Special precautions for landfill or incineration: As above

MATERIAL SAFETY DATA SHEET

14. Transport Information

UN Number: Not applicable

UN Proper Shipping Name: Not applicable

Class and subsidiary risk: Not applicable

Packing Group: Not applicable

Special precautions for user: Not applicable

Hazchem Code: Not applicable

15. Regulatory Information

Regulatory Status: Not applicable

17. Additional Information:

The information contained in this SDS is, to the best of Locks Lash Australia's knowledge and belief, accurate and reliable as of the date issued. The information is provided without any warranty, expressed or implied regarding its correctness or accuracy. Similarly, no warranty expressed or implied shall be created or inferred regarding the product described in this MSDS and Locks Lash Australia Pty Ltd will not assume liability for any loss or damage arising out of the use of this information. It is the user's responsibility to satisfy itself that the product is suitable for its intended use
