

GLOVES

Not sure which size to buy?

To determine your glove size, is as easy as 1-2-3; you only need a measuring tape. To ensure a great fit, measure the size of your hand around the knuckles (Exclude the thumb and fit the tape around your hand - as indicated by the diagram below).

Use your dominant hand - the right if you are right-handed, and the left if you are left-handed- and gently make a fist when measuring. The point where the tape meets is your glove size. You can use either inches or cm's to measure your hand: when measuring in inches, the number of inches measured is your glove size; when measuring in cm's use the table below to find out your glove size. Women sizes normally run from 6 - 8.5 (going up in 0.5 size steps).

Our superfine & soft nappa leather gloves fit snugly and will stretch with the hand - they literally "fit like a glove".

Sizing conversion guide

Glove	Hand Measurement	Size
6	6 in / 15 cm	XS
6.5	6.5 in / 17cm	S
7	7 in / 18 cm	M
7.5	7.5 in / 19cm	L
8	8 in / 20cm	XL
8.5	8.5 in / 22cm	XXL
