The SMMA1024 allows you to clear up your valuable work space, while providing an ergonomic working position. Constructed of high grade steel, this rugged mount built to resist scratches supports screens up to 8kg/17.6 lbs and 32" in size. We made a detachable VESA panel, just simply screw the monitor on the panel and slide into the mount. The full motion structure allows smooth, effortless rotating and positioning for any direction, making it easy to find the perfect viewing angle. Tighten or loosen each joint to make your mount as fluid or stationary as desired. You can also adjust the monitor height vertically to a desired position. Cable clip are included for keeping cables organized and protected.
