- 25 white carnations
- 20 white lisianthus
- 2 bunches parvifolia eucalyptus
- 2 bunches leatherleaf

Special Care Notes

Special Flower Care Notes for Items Specific to this Package

- **Roses:** Make sure you give them plenty of room in their hydration bucket. Feel free to reflex them right before you pull them into a design!
- **Ranunculus:** Have 22 gauge straight floral wire on hand in case they are heavily curved and bending under their own weight. [We have a video tutorial on how to do this here!](#)
- **Gunni Eucalyptus:** The tops of this greenery can have young, tender leaves. Sometimes the tops will wilt and curl. This is normal and should be snipped or pinched off. The bunch is not bad when this occurs, it's just fresh, tender growth!
- **Lisianthus:** We LOVE reflexing lisianthus! Although the petals appear to be delicate, they have no problem being reflexed.
