60-70 Bud Vases

Each one will look different. I average 2-3 blooms per bud vase and a sprig of green. These are the flower allotted for budvases:

- 25 Red Heart Roses
- 25 Burgundy Carnations
- 2 bunches of Thistle
- 20 Burgundy Scabiosa
- 10 Pink Ice Protea
- 3 Bunches of Israeli Ruscus, 2 bunches of Leatherleaf, and 1 bunch of Baby Eucalyptus

***Pink Ice protea is too big for budvases

Special Care Notes

Special Flower Care Notes for Items Specific to this Package

It's helpful to have a can of Burgundy Design Master Floral Spray paint to spray out some greenery to be darker!

- **Roses:** Reflexing your roses is a baller florist move! Not only does it create visual interest, it makes your product larger, getting you more bang for your buck. Be sure to give your roses plenty of elbow room when they are hydrating so they open to full capacity!
- **Scabiosa:** Scabiosa often comes with clear straws on the stem. Leave these on, even in your designs, if possible. I only remove if I want the stem to curve or stick out of an arrangement. Burgundy scabiosa can have lavender pollen that can be pinched off if you don't enjoy. Sometimes throughout the year, the petals will not be popped and you're more working with a bud.
- **Carnations:** Sometimes these guys can come in closed, but with carnations, you can easily use thumbs to push or 'mash' them open. They are extremely tough and hardy, and the only flower you can manhandle in that way.
- **Bug Nibbles:** Remember that you are working with unprocessed greenery, so you may find some leaves that have been munched. Just snip those away! Nibbles are typically found on seeded euc and salal predominately.
