Special Care Notes

Special Flower Care Notes for Items Specific to this Package

- **Reflex Rose and Lisianthus:** We adore reflexing roses and lisianthus! It's a baller florist move that gives you more bang for your buck, ESPECIALLY when it comes to Golden Mustard Roses. Those guys are pricey and can be small, so a little reflexing goes a long way!
- **Ranunculus:** Have 22 gauge straight floral wire on hand in case they are heavily curved and bending under their own weight. We have a Youtube video on how to do this!
- **Carnations:** Sometimes these guys can come in closed, but with carnations, you can easily use thumbs to push or 'mash' them open. They are extremely tough and hardy, and the only flower you can manhandle in that way.
