**Gesame has a solution
that meets your needs.**

- ▶ **Excellent product quality**
- ▶ **Enhanced portion control**
- ▶ **Superior productivity**
- ▶ **Able to produce up to 60 "home style"
patties or 100 meatballs per minute**
- ▶ **Easy to operate and easy to clean
with no tools required to disassemble**
- ▶ **Lower cost of ownership**

Gesame MH series dispensers are the ideal solution for butchers and food industries wishing to speed up the production process. Their simple design makes them very reliable and suitable for any production location. They deliver precise weight and shape control while forming products with a natural texture and homemade appearance.

They have a wide variety of moulds that can be used to make meatballs, cannelloni, croquettes, chicken nuggets and any made to measure shape. The thickness is adjustable, allowing patties to be made up to 130mm in diameter and of the desired weight. Choose the shape and patty style you want and get all the speed, portion control and productivity of your Gesame forming system.
