ARCOROC

# Technology & Materials

**Fully Tempered** – More resistant to mechanical and thermal shock than regular annealed glass; up to 5X more resistant to breakage.

**S.A.N. Plastic** – Fully recyclable, BPA-free S.A.N. plastic. Dishwasher safe up to 2,000 industrial cycles.

**Stackability** – Inner ledge specially designed for safe stacking.

**Krysta**® – High-performance crystal glass. A new generation of lead-free crystal exceeding 2,000 industrial dishwashing cycles. Superior strength, complete transparency, long-lasting brilliance and perfect acoustics.

**Zenix**® – Mineralized dinnerware that is up to 7X more resistant than other dinnerware materials.

**Extra Strong Porcelain** – Developed for professional use; superior mechanical resistance.

**Opal**® – Preferred by high volume establishments for strength, stackability, bacteria resistance, style and value.

# CUSTOM DECORATED GLASSWARE

Custom Decorated Glassware is a great way to increase the perceived value of a visit to your establishment—and to stand out from the competition.

Decorated glass draws attention to your beverage selections every time it is in use. In addition, if combined with a take home program, it is a remarkably effective method to keep your name in front of your guests. Perfect for controlling over pours\*, which shows significant cost savings.

\*Pour lines are approximate and should not be used as an exact measurement.

To find out how simple and easy the process can be contact your Arc Cardinal representative or send an email to: [custom.deco@arc-intl.com](mailto:custom.deco@arc-intl.com).

Our capacity specifications allow for a plus or minus 5% tolerance.
