Designed Smart

Maximum Overhead Heat for Warming Areas

- Delivers over 22% more heat to your prepared food than competitive models
- Unique heating system provides the highest wattage in the category. High watt version has 15% more power than competition.
- Aluminized steel reflectors behind heating elements radiate more heat toward food.

Easy to Install & Customize to Current Systems

- All units come standard with sturdy stainless steel mounting brackets.
- A wide option of lengths and mounting accessories let you customize the overhead warming system that is perfect for your operation. (Stands to hold up to 48")
 - T Leg Stands
 - Tubular post mount stand
 - Chain Suspension
- Extra electrical conduit knockout locations allow flexibility in installation
- Available with either an infinite or toggle control that can be supplied within the unit or in a "remote" control box. (Remote is recommended). Installer provides wiring between "remote" control box and unit. (Remote is recommended).

Easy to Use

- Pilot lights are standard features that keep your employees aware of the unit's operations.

Built Solid

Most Durable Overhead Warmer in the industry!

- Stainless steel construction resists corrosion, is easy to clean, and presents an attractive appearance
- Control components are insulated in a ventilated box construction for increased reliability and longevity
- APW Wyott overhead warming equipment is backed by a 2-year warranty on heating elements and a 1-year parts and labor warranty

Overhead Warmer Accessories

- Remote Control Box (shown below) Pilot light switch box, control and cover with single, dual, or triple controls 1lbs (.5kg)
- Tubular Stand Kit (76180) 1 pair legs for permanent mounting (48" or smaller units only) 5lbs (2.3kg)
- Portable Leg Kit (76200) 1 pair legs and accessories for freestanding operation 5lbs (2.3kg)
- Cord & Plug set (75906) For portability, includes adapter bushing. (120V units, 48" and smaller only) 7lbs (3kg)
- Chain Supports (75901) For overhead suspension without flush mount 1lb (.5kg)

Product Specifications

Construction:

Stainless steel housing and aluminized steel radiant reflector, metal-sheathed heating element and angle brackets "L" indicated built-on illumination box, which uses incandescent safety lights

Electrical Information:

Specify voltage and wattage; also, infinite control or toggle switch (remote control units that are operated by optional remote control kits). Remote control units use separate/optional remote control kits to allow for maximum installation flexibility. Up to 3 remote units can be controlled by a single triple remote control kit. Sizes above 60" are only available in 208/240V versions.

FOB: Allen, TX 75013

Sizes 60" and above ship LTL only

Freight Class: 100

Overall Dimensions:

FDD and FDDL models are 15" wide

- FD-18 & FDL-18: 18.26" (46.3 cm) FD-54 & FL-54: 54.26" (137.8 cm)
- FD-24 & FDL-24: 24.26" (61.6 cm) FD-60 & FDL-60: 60.26" (153.0 cm)
- FD-30 & FDL-30: 30.26" (76.8 cm) FD-66 & FDL-66: 66.26" (168.2 cm)
- FD-36 & FDL-36: 36.26" (92.0 cm) FD-72 & FDL-72: 72.26" (183.5 cm)
- FD-42 & FDL-42: 42.26" (107.3 cm)
- FD-48 & FDL-48: 48.26" (122.5 cm)
