## 5 delicious fresh bean coffees, easier than ever

### LatteGo, the fastest to clean milk system ever\*

Easily make 5 black and milk-based coffee varieties at the touch of a button, including Iced coffee. Our unique brewing system perfectly extracts the beans flavors at lower temperature, for a delicious - never water-down iced coffee

#### **A variety of coffees customized to your taste**

- Silky smooth milk froth thanks to high speed LatteGo system
- Enjoy 5 coffees at your fingertips, including iced coffee
- Easily adjust to your taste with 12-step grinder levels
- Easy selection of your coffee with intuitive touch display
- Adjust aroma strength and quantity via My Coffee Choice

#### **High quality coffee from fresh beans**

- Keep your beans fresh for longer thanks to the aroma seal
- 20,000 cups of finest coffee with durable ceramic grinders
- The perfect temperature, aroma and crema cup after cup\*

#### **Effortless use and cleaning for everyday enjoyment**

- Easy cleaning thanks to fully removable brew group
- Up to 5000 cups\* without descaling thanks to AquaClean
- LatteGo is exceptionally easy to clean: 2 parts, no tubes
- Dishwasher safe parts for your convenience

# PHILIPS

# Highlights

## Removable brew group

The brew group is the heart of every fully automatic coffee machine, and should be cleaned regularly. The removable brew group allows you to clean it thoroughly just by rinsing it under the tap.

## AquaClean filter

By changing the filter after being prompted by the machine, you will not need to descale your machine for up to 5000 cups\*, while enjoying clear and purified water.

## LatteGo milk system

Top your coffee off with a silky-smooth layer of milk froth. The LatteGo mixes milk and air at high speed in the round frothing chamber, then adds a splash-free, creamy layer of milk froth to your cup at just the right temperature.

## Preserve beans' aroma

The new Aroma seal protects your favorite coffee beans and makes sure they preserve their original aroma over time, while reducing the grinder noise.

## 5 aromatic coffees

Enjoy your favorite coffees for your special moments. Whether you crave an espresso, an iced coffee or a milk based recipe, your fully-automatic espresso machine delivers a perfect in-cup result with no hassle and in no time

## 100% ceramic grinders

Our grinders are 100% pure ceramic: extremely hard and precise, so you can enjoy fresh aromatic coffee, for at least 20.000 cups.

## Perfect temperature and aroma

The Aroma Extract system intelligently strikes the optimum balance between brewing temperature and aroma extraction by keeping the water temperature between 90 and 98C, while regulating the water flow rate, so you can enjoy delicious coffees. Our unique brewing system perfectly extracts the beans flavors at lower temperature, for a delicious - never water-down iced coffee.

## 2 parts, no tubes milk system

Our 2 parts milk system has no tubes or hidden parts and can be cleaned in as little as 15 seconds under tap\* or in the dishwasher.

## Dishwasher safe parts

For your convenience, you can put the milk system, drip tray and the coffee ground container in the dishwasher. This will save time and ensure a hygienic cleaning.

# Specifications

## Country of origin

- Made in: Romania
- Designed in: Italy

## Technical specifications

- Voltage: 120 V
- Cord length: 100 cm
- Frequency: 60 Hz
- Capacity milk carafe: 0.26 L
- Capacity waste container: 12 servings
- Capacity water tank: 1.8 L
- Weight of product: 8 kg
- Coffee bean capacity: 275 g
- Waste container: Frontal access
- Water tank: Frontal access
- Filter compatibility: AquaClean
- Pump pressure: 15 bar
- Color & Finishing: Black, Glossy black
- Product dimensions: 246x371x433 mm
