Authorized Dealer

Omcan's juice extractor makes it easy to get every drop of orange goodness in every cup. This unit features an output speed of 20-oranges per minute. A basket on top can hold your oranges for easy access in no time.

Easy to clean with all pieces easy taken off by hand. Simple twist off the orange dials to remove the screws and take pieces off for easy cleaning. Making juice has never been easier to clean.

Worried about spillage? Don't be. Omcan's juice extractors come with a drainage system that makes every drop of juice fall right into your vessel making for 100% optimum production.
