

## DISPOSABLE FACE MASK WITH 3 LAYERS

Item: 46666

*These disposable masks minimize exposure from harmful airborne particles and prevent the spread of bacteria and viruses. The face mask comes with elastic ear loops that provide a snug fit and comfort. Designed with a three-layer barrier between the mouth and nose against potential contaminants in the environment. Its lightweight design makes it easy for breathing.*

*For non-medical use. Meet CE standard requirements.*

Dispose of soiled mask after each use and practice proper hygiene.
