

## Urban Farmer / SUSTAINABLE TOOLS FOR ENVIRONMENTALLY AWARE TRENDSETTERS

PRUNING KNIFE

### Home-grown, freshly prepared, healthy food.

URBAN FARMER combines the natural beauty of rustic crafting tools with the high-tech precision of knives made with the latest materials and techniques. The blade is made from stainless steel with a high carbon content. Its long-lasting sharpness is ensured by a Rockwell hardness of 58 and the solid tang gives it very high edge stability.

Made from sustainably grown and thermo treated beech wood, the handle is extremely robust and water-resistant. Combined with the non-slip bolster, it provides a secure grip. All the knives are well-balanced, easy-to-use and efficient tools that are ideal for cutting vegetables and meat or, like the unique pruning knife, for picking vegetables, fruit or herbs straight from your own garden or window-box.

**URBAN FARMER  
PRUNING KNIFE**

**Handle**

The handle made from smoked beech rewards the user with a natural texture which is smooth to touch. Like all high-quality knives, this knife must be washed by hand.

**Pruning knife**

With its distinctive curvature at the tip, this unique blade shape is perfectly suited for reaping, preening and peeling fruit and smaller vegetables.

**Non-slip bolster**

Always maintain a firm hold of the knife – the non-slip bolster is made from a high-performance special synthetic material. This way it offers absolutely secure grip, even when working with wet hands.

**Serrated edge**

Knives with the robust serrated edge cut every tomato into fine slices – and the same goes for most kinds of vegetables, soft fruits with solid skin or also bread, rolls and cured sausage.

Blades cut with precision laser

Non-slip, black bolster for safe work

Smooth-to-touch handle made from smoked beech

Perfectly suited for harvesting herbs and vegetables

For use indoors and outdoors

**Machete**

**NEW**

Harvest large vegetables and entire lettuce heads, dig planting holes or tend to beets – the powerful machete is the ultimate tool in the garden, and with the combination of a serrated edge and smooth grind, it is also perfect for kitchen preparation e.g. cabbage or pumpkin.

**PRUNING KNIFE**
