

HOTEL SERIES GRILLS

MBI-30, 36, 30I, 36I

MBI-30

Our passion at Crown Verity is to bring the precision and performance of commercial kitchens to the outdoor environment. To that end we design and manufacture our grills to be reliable and go beyond traditional industry specifications.

Our grill bodies, legs, cooking grates, burners, radiants, water pans, fasteners, pilot tubes are all 304 series stainless steel for durability and ease of cleaning. Compared to units made of metal or 430 stainless steel, our units are built to last.

15,000 BTUH stainless steel burners are placed every 5.75" to ensure the most even heat pattern possible. These units heat up to cooking temperature within 5 minutes. Our stainless steel body and cooking grills carry a lifetime warranty, 10 years on the burners.

The Hotel series is available as either liquid propane (LP) or natural gas (NG). All LP models include a two stage regulator and hose and a built-in tank holder that accommodate standard 20 lb. propane tanks. All NG models come with a 10' quick disconnect hose.

SPECIFICATIONS

- Gas grill constructed of 304 stainless steel including grids, burners and all fasteners
- 15,000 BTUH stainless steel burners
- Four total lock casters
- Ready to use: ships completely assembled on a skid
- Tank holder that holds a 20 lb. propane tank
- Storage drawer
- Includes water pans with drain ports to ease cleaning and help eliminate grease fires from occurring
- 16 ga stainless steel radiants that remain in place during transportation and cleaning
- c ETL us, ETL Sanitation listed, Conforms to ANSI Z83.11/CSA 1.8 and NSF Standard 4

More Standard Features

- Unibody design for lighter weight and added strength
- Stainless steel pilot burner tube system
- Two stage regulator and hose on LP models
- 10ft quick disconnect on NG models
