

NELLA // WRAPPING MACHINES

SERVING THE FOOD INDUSTRY SINCE 1951

SINGLE ROLL WRAPPING MACHINE

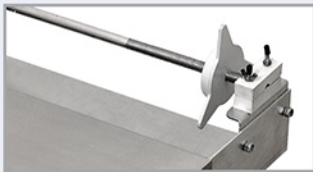

Item: 24852

Model: SE-CN-0533

Our wrapping machines feature tough aluminum and stainless steel construction with an all-stainless wrapping surface for quick and easy clean up. Each wrapper is equipped with extra large rubber feet to prevent sliding on any counter surface. All models feature a solid state controlled hot rod cut off bar and standard size hot plate with a non-stick cover.

Tough aluminum and stainless steel construction

Up to 18" wide shrink wrap rolls
