OPTIONS

Self Service Stand

Compatible for FAST TOP with self tap and big capacity juice filter

Cooled Dispenser Stand

Compatible for TOP and FASTOP with no self tap and big capacity juice filter

Dispenser Stand

Compatible for TOP and FASTOP with no self tap and big capacity juice filter

- 1) Necessary option
2) Impossible combination

*Self Tap (Standard for ITEM 39521)

The easy-to-use automatic tap is connected directly to the motor of the machine. Open the tap and the machine starts running. Close the tap and the machine stops.

Orange Counter

Counts the amount of oranges that have been juiced by the machine, allowing the customer to monitor consumption.

Automatic Shower (Standard)

More hygienic juicers with our unique self-cleaning automatic shower system and fully isolated juicing area avoiding any ingress of exterior elements.

Juice Level Detector

With this system, you can always count on the number of liters of fresh orange juice. This system is ideal for self-service and larger volume operations.

Big Capacity Juice Filter

The juice tray has a big filter with high capacity, double-curved design and a pulp moving stick. This option allows squeezing more than 20 liters of juice without cleaning the filter.
