- 1) Necessary option  
2) Impossible combination

### Self Tap

The easy-to-use automatic tap is connected directly to the motor of the machine. Open the tap and the machine starts running. Close the tap and the machine stops.

### Orange Counter

Counts the amount of oranges that have been juiced by the machine, allowing the customer to monitor consumption.

### Automatic Shower

More hygienic juicers with our unique self-cleaning automatic shower system and fully isolated juicing area avoiding any ingress of exterior elements.

### Juice Level Detector

With this system, you can always count on the number of liters of fresh orange juice. This system is ideal for self-service and larger volume operations.

### Big Capacity Juice Filter

The juice tray has a big filter with high capacity, double-curved design and a pulp moving stick. This option allows squeezing more than 20 liters of juice without cleaning the filter.
