

AlbaChem® CLEAR SCREEN

Effective: December, 2011

General Description:

AlbaChem Clear Screen is an aerosol spray designed to clear and open printing screens of dried inks and other dissolvable substances. The unique formula does not contain any water and will not soften emulsions. It is made for use on photographic stencils or water soluble hand-cut film only.

Advantages:

- Instantly unclogs any screen.
- Use while still on press.
- Works on all types of ink, fresh or old.
- Great for spot clean ups.
- Leaves no film.

Convenient extension tube allows for corners to be reached.

Directions for Use:

It is not necessary to stop printing when using Clear Screen. After a squeegee pass, spray onto clogged area from a distance of 6 – 10 inches. Screen will open after 2 or 3 passes of the squeegee. Use extension tube to direct spray into hard to reach areas.

Packaging/Shipping Specifications:

Item No.	Package Size	Case Pack	Case Weight	Hazmat Information*
1641	Net Wt. 14 oz.	12 cans	18 lbs.	Consumer Commodity ORM-D
