

Position your Lounger in the pool, then fill with water via the top fill hole. Fill until water begins to exit the Lounger through the side vent holes. No need to flip the Lounger upside down or go in the pool.

THE KAI™ SHELF LOUNGER

RELAX IN LUXURY IN OUR IN-POOL LOUNGER

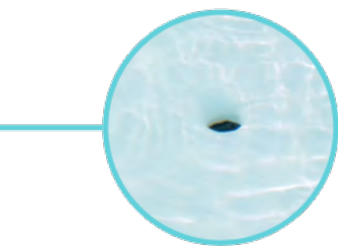

Designed for use on tanning shelves up to 9in (22.9cm) depth. The Kai™ Shelf Lounger is made of high-quality materials to withstand the elements. You'll stay cool and relaxed on the contoured and comfortable Lounger that keeps you partially in the water. The Kai™ Shelf Lounger is the perfectly luxurious way to relax.
