OUTDOOR
FALL / WINTER 2024

SCULPTURAL DESIGN

By embracing a design philosophy rooted in simplicity and informed by ergonomic principles, our furniture achieves a sculptural quality that integrates well in a variety of aesthetics.

UNPARALLELED DURABILITY

Our furniture is constructed from premium marine-grade polyethylene using sophisticated rotational molding techniques. This material and manufacturing process give our pieces incredible durability in the harshest environments.

EASY TO OWN

We aim to make owning our furniture effortless. One-piece construction means zero components that will rust or fail over time. Simply rinse clean with soap and water, or power wash for more stubborn stains.

SUNBRELLA™ DECK CUSHION SET

LONG LASTING

Sunbrella™ fabrics are woven with the softest, strongest fibers to provide you with a lasting look and feel.

WEATHER RESISTANT

Sunbrella™ fabrics are designed to withstand Mother Nature, resisting mold, mildew, and the harmful effects of exposure to sun, rain, snow, and humidity.

EASY-TO-CLEAN & STAIN RESISTANT

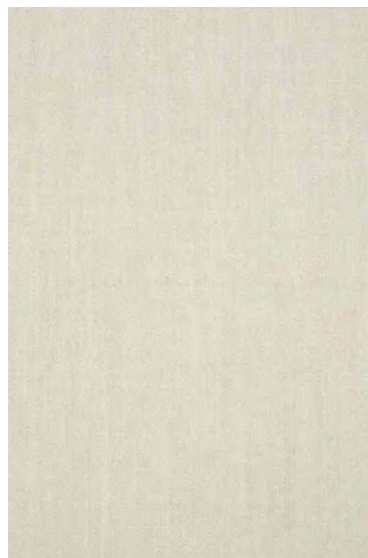

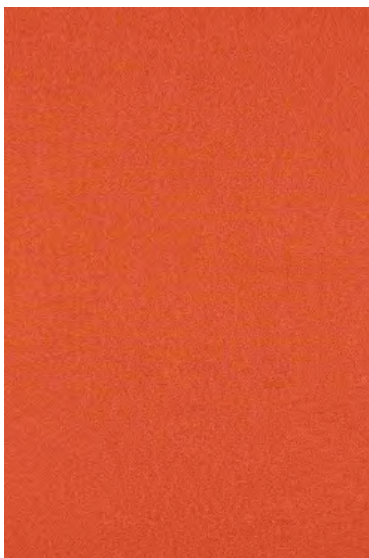

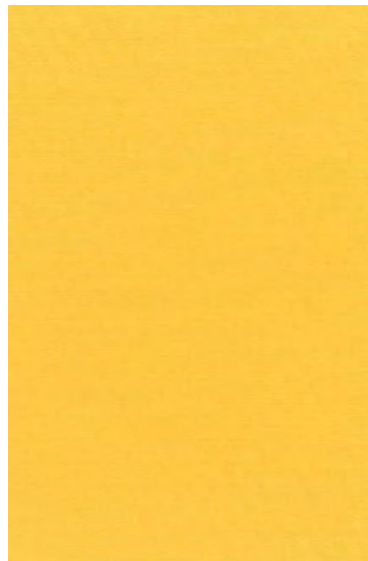

Sunbrella™ fabrics are engineered to be exceptionally easy-to-clean. When life happens, blot spills with a clean, dry cloth and use mild soap and water. For the toughest messes, our fabrics are safe to clean with a diluted bleach solution.

FADE-PROOF

Unlike ordinary fabrics with dyes added to the surface, Sunbrella fibers are solution-dyed with UV stabilized pigments, so the color stays brilliant over time, no matter the environment.

CHAIR POSTURE GUIDE

IN-POOL USE

Our chairs can be used on the ledge of a well-maintained pool. Each style has a recommended maximum water depth and we do not recommend exceeding these recommendations. Chairs can be filled with water to prevent buoyancy.

*"You can feel like you're on a
lux vacation every day —
even if you're just hanging out
in your back yard."*

MAKE IT YOUR OWN

Give your tupelo cornhole set a permanent, personal touch with a monogram, custom text, or your own logo. Each logo is etched into the board so it will last as long as the board itself.

behind the DESIGN

"We set out to design an industrial strength cornhole set that is more akin to high-end patio furniture than a cheap yard game. The construction and materials used in the design of this cornhole set were directly inspired by the architecture and commercial construction industries and the final product is a cornhole set that is truly best-in-class."

-Steve Nichols
