

To make sure you get the best comfort, protection, and satisfaction, TurtleSkin Glove sizes are based on accurate hand measurements.

TurtleSkin Gloves come in many sizes to best fit you. Please use these charts to find your best glove size.

NOTE: Use the longest "finger length" or "hand width" measurement to find your size. If your longest measurement falls between sizes, order the larger size.

Hand Width Measurement: Wrap a tailor's measuring tape around your dominant hand just below knuckles, excluding your thumb, and make a fist. This measurement is your "hand width" glove size.
