

Palo Sofa

by HEM Design Studio

Designed by our in-house team at Hem, Palo is the sofa concept that evolves with you. Thanks to an innovative frame featuring removable struts, its components can be easily added, removed or rearranged as your living circumstances change. Available in various different colours, with cushions and armrests that feature 70% virgin wool upholstery and are compatible across the whole series, Palo allows you to mix and match as much as you like. Start with one Palo base and add pieces as and when you require them.

The Palo Sofa parts

PLEASE NOTE: The exact number
of the parts in your package
vary with each Palo configuration.

leg cap

leg top

leg base

small leg + clamp
(Palo Corner sofa only)

backrest corner

backrest straight

small base

large base

Module Overview

- leg base+ leg top
- leg base + leg cap

Palo Ottoman
95 x 95 x 39 cm

Palo 2-Seater Sofa + Corner Armrest
190 x 95 x 67 cm

Palo Corner Sofa Right/Left
285 x 190 x 67 cm

1

Turn the base of the sofa around and lay it on a clean, even surface.

2

Lock all leg bases into the holes of the sockets provided.
Make sure all of the legs sit tightly in the base. Depending on which Palo configuration you have purchased, the amount of parts will vary (please see the module overview for reference).

3

Turn the sofa base around and make sure everything feels stable. Ask a friend to help you.

4

Next, place all the leg tops into the upper holes of the leg bases.
Depending on which Palo configuration you have purchased, seal the the hole
with a leg cap (please see the module overview for reference).

5

Each armrest and backrest needs to be supported by the legs tops which you have put in place at step 4.

6

You're done! Put the sofa to the desired angle and make sure everything feels stable.

Alternative Assembly
Palo Corner Left / Right

small leg

clamp

7

Once you have assembled both modules of your Palo Corner Sofa, make sure to have added the small leg into the big base, to secure its stability. After that, secure both parts together by using the clamp, following the drawing below:
