

Do not place your hands near the strut during adjustment. The angle of the strut joints will change during the adjustment of the desktop height and it may hurt you.

Warning!

Please make sure all the devices are stably placed on the desktop. Do not exceed the edge of the desktop to prevent property damage or personal injury.

Caution!

Do not tie the cable too tight. Allow the devices to move vertically to prevent property damage or personal injury.

Caution!

Lift the desktop to the top position before taking off the computer devices in order to prevent property damage or personal injury.

Warning!

The product must be moved by at least two people to avoid collision of moving parts and prevent property damage or personal injury.

Warning!
