

# Powering Your Plug-In

Alabama  
Power

[AlabamaPower.com/ET](http://AlabamaPower.com/ET)

Alabama Power is excited about our customers' interest in plug-in electric vehicles (PEVs).

### How do I benefit?

Alabama Power provides lower rates to PEV owners who charge their vehicles during the overnight hours of 9 p.m. to 5 a.m. The PEV charging period allows more charging flexibility to fit a wide range of charging preferences.

### How do I get started?

To sign up for the PEV rate rider, call Alabama Power Customer Service at 1-800-990-APCO (2726), Monday – Friday, 7:30 a.m. to 5:30 p.m. Please be prepared to email, fax or mail a copy of your tag receipt verifying that you own a plug-in electric vehicle. The rate rider must be renewed every three years.

### Power up!

To learn more about plug-in electric vehicles and how they can benefit your lifestyle, visit [AlabamaPower.com/ET](http://AlabamaPower.com/ET).
