## WHA RENTAL RATES

A U T H OR I T Y

Whistler's Employee Housing Rental Program operates primarily on a Rent Geared to Income model. In line with the Canadian Mortgage and Housing Corporations (CMHC) affordability metric, monthly rental rates are based on $30 \%$ of the Household's Gross Income, subject to applicable minimum and maximum rates.

The tables below set out the rental rates for all WHA rental projects. To calculate the projected rent for your household, please use the WHA rental calculator available HERE on our website.

To support the most optimal use of the rental housing for the resort's workforce, Occupancy Standards apply to determine the size of unit a household will qualify for. Spouses and couples are expected to share a bedroom and qualify for Studio \& 1 Bedroom units only.
