Dear Valued Customers and Partners,

It is announced that in order to provide our Fluorolube customers and users with the best ordering platform for our FLUOROLUBE® product line, Huntsman Advanced Materials will be migrating all FLUOROLUBE products, ordering and enquirers to the Perigee Direct online ordering platform. We are very excited to embark on this partnership to ensure the best customer experience to all our valued customers.

The final change will happen on the week of January 2nd. Huntsman will be keeping the www.Fluorolube.com website active, and have all order requests routed Perigee Direct's platform automatically.

And for reference, please review these instructions on how to set up accounts and ordering information with Perigee Direct. We have worked with Perigee Direct for years and you are in good hands with the team.
