

## **Evemy & Evemy**

### **Press Release - May 2019**

Evemy & Evemy, the online country clothing brand, founded by Sophie Carroll, is passionate about providing exclusively British-made women's accessories that are suitable for busy country lives.

With a background previously spent working for a selection of luxury British fashion brands, Sophie brings her wealth of knowledge and experience to her collections, particularly her exquisite country, sporting and equestrian silk scarves. All of the stunning scarves and shawls are designed, printed and finished in England, with fabrics hand-selected for their soft and luxurious feel.

The unique designs which initially began with a game bird feather scarf, proved so popular that Sophie's mother, the artist Annabel O'Neill, who is responsible for all of the illustrations, created a series of further country-inspired designs. Evemy & Evemy now offer a selection of beautiful scarves and shawls in a range of exclusive designs and colours.

The recently launched Salire collection features hand-drawn Salmon in Blush or Oatmeal, perfect for accessorising clothing all year round, or choose from the stunning Equus scarves, complete with a hand-drawn horseshoe illustration, available in Ecru or timeless Navy. Further beautiful designs featuring an Acorn and Oakleaf, magnificent Antlers, Guinea Fowl, Partridge and Pheasant feathers are also available. All of the scarves and shawls are made to the very highest standards and all are finished with luxury rolled or hand-fringed edging, making them exquisite must-haves or classic gift ideas.

Ideal for women of all ages to wear from teenager to grandmother, the scarves add a touch of elegance to a variety of outfits.

Perfect to wear to work when teamed with a suit, or equally at home when enjoyed at week-ends with a shirt, polo-neck jersey or casual jacket – for coffee, shopping, country event, lunch with girlfriends or racing – the Evemy & Evemy collection combines luxury, timeless design and unique style in a range of natural colours and textures.

Evemy & Evemy are also looking to launch the new and exclusive Pheasant and Bracken collection very soon!
