

Oxyfresh[®]
WE ♥ PETS

LET THE TAIL WAGGING BEGIN

WHY WE'RE DIFFERENT

OXYFRESH STARTED THE WAY ALL GREAT THINGS START:

We had an idea. It was time to reinvent pet care. We knew there had to be a better way ...

Most pet dental sprays, water additives and toothpastes are formulated with alcohol, which can burn, irritate tissue and cause dryness. This encourages more bacteria to accumulate, making pet bad breath problems even worse while contributing to an unhealthy smile. They're also loaded with strong artificial mint or poultry flavors that only mask bad breath temporarily and colorful dyes that can over time stain pets' pearly whites.

Same problem with grooming products: strong perfumes and harsh ingredients can sting delicate pet ears, cause itchiness and irritation, dull their coats, and only cover up pesky odors.

We Didn't Jump On the Alcohol-Free, Non-Toxic Bandwagon ... We Pioneered It.

INTRODUCING THE BRILLIANT GAME CHANGER ... OXYGENE®

Born from the idea that real pet care doesn't need to cut corners, our unique, gentle, alcohol- and irritant-free formulas are powered by our exclusive ingredient Oxygene®. It's unlike anything in the marketplace. This groundbreaking, gentle, 100% safe and non-toxic ingredient completely neutralizes bad breath and odor-causing germs and bacteria.

It seems like magic ... but it's really just great science.

Bad breath and other pet odors, from stinky ears to stinky coats, are caused by little pests known as "volatile sulfur compounds" (VSCs). Oxygene® gently neutralizes those organic compounds. The result? A fresh-smelling pet from head to tail.

HOW OXYGENE® WORKS:

PET CARE REINVENTED

ENTER THE WORLD OF EXTRAORDINARY PET CARE THAT MATTERS

Creating products that matter for happy and healthy pets is our passion.

Our environmentally friendly products are versatile, gentle and perfect for all pets. From groundbreaking dental care to leading-edge grooming solutions, we've built truly innovative products to unleash pets' full potential.

Oxyfresh pet products feature Oxygene®, a safe yet powerful ingredient that gently neutralizes cellular debris and organic compounds that cause bad breath and pet odors, which can contribute to unhealthy smiles and smelly pets.

Crafted with only the best ingredients that science and Mother Nature have to offer, giving even the most ingredient-conscious people peace of mind, these unique formulas are proven and always 100% free of alcohol, dyes, harsh fragrances and artificial masking agents. We create pet care that matters.

That's our promise.

We've modernized the way pet parents approach at-home dental and grooming with our patented, leading-edge products that have created countless happy and healthy pets. No wonder pet professionals worldwide have been recommending Oxyfresh for over 25 years.

STOPS EVEN THE TOUGHEST DOG AND CAT BREATH

We make pet home dental care easy! Don't just mask pet bad breath – safely eliminate it at the source. Our non-toxic solution is a must-have when it comes to pet fresh breath and overall dental health.

By the age of three, 70% of cats and 80% of dogs have some form of periodontal disease, which can take years off their lives. That's why we developed our innovative Pet Dental Water Additive. It safely and effectively cleans the teeth and gums, protecting pets from periodontal disease, plaque and gingivitis. It freshens their breath too.

Our patented blend of Oxygene® and zinc safely eliminates bacteria that cause bad pet breath. Unlike other brands, our Pet Dental Water Additive is completely tasteless and odorless so even the pickiest pets can't detect it. We love pets, so all of our formulas are completely safe for both cats and dogs and 100% non-toxic.

- All-Day Pet Fresh Breath** – Finally say goodbye to pet bad breath with our fast-acting, patented formula of Oxygene® and zinc. We don't just mask bad pet breath; we safely neutralize it at the source.
- Cleans Teeth and Gums** – The easiest way to clean pets' teeth, help protect against periodontal disease and strengthen gum tissue.
- Safe for Cats and Dogs** – The safest way to stop pet bad breath with no harsh chemicals, additives, xylitol, mints, tea tree oil, clove oil, alcohol or masking agents. We use only 100% non-toxic ingredients that matter to pets' dental health.
- Pets Love It Because It's Tasteless and Odorless** – Our Pet Dental Water Additive is undetectable so even the pickiest pets won't know it's there.

BATH TIME JUST GOT BETTER

No bones about it – it’s the best shampoo from head to tail.

Our incredible Pet Shampoo is definitely Best In Show. We designed our unique formula to support and soothe pets’ delicate skin, as this is the key to overall pet health. Healthy skin is crucial to a pet’s natural defense against shedding, itchiness, dryness and odor.

Pet Shampoo cleans and conditions without harsh fragrances, alcohol or other strong chemicals that can cause irritation like other brands.

Our light citrus, pH balanced Pet Shampoo formula with Oxygene® has only safe, gentle ingredients to give pets shiny, fresh and beautiful coats while helping to naturally safeguard against fleas and ticks.

- Eliminates Pet Odors** – We don’t just mask odors; we eliminate them with our exclusive ingredient Oxygene®.
- Solves the Toughest Odors** – Clean pets are happy pets, and our gentle, proprietary formula is unrivaled in neutralizing pet odors, including pesky skunk odor.
- Shinier Coat** – Tough on dirt, but not on their coats! Formulated with essential oil and amino acids for an easy-to-brush coat that feels fresh and soft.
- Soothes Skin** – Advanced conditioning formula will make pets feel truly pampered. Free of harsh chemicals and fragrances that may irritate delicate skin.
- Helps Deter Fleas and Ticks** – Our light citrus peel essential oil naturally assists in safeguarding pets against fleas and ticks.

LET US DO THE DIRTY WORK

Say fur-well to stinky pet ears. Our best-in-show ear cleaner is a safe, gentle and effective solution for dogs and cats. This fast-acting formula with Oxygene® is the quickest and easiest way to neutralize odors; soothe itchy, irritated ears; and remove wax buildup, dirt and mites, leaving pets with fresh, clean ears.

Unlike other brands, it's free of fragrance and alcohol to protect pets' sensitive, delicate ears. Alcohol can dry out tissue, causing even more itching and irritation.

Our unique Pet Ear Cleaner is loved by veterinarians and groomers alike because it doesn't require rinsing and is extremely gentle.

- It Works** – Best solution to remove wax buildup, dirt and mites. Never stings, burns or irritates.
- Itch Relief** – Total soothing care for raw, itchy and smelly dog and cat ears.
- Hassle Free** – Unlike other ear cleaners, there's no need to deal with the extra step of rinsing after treatment.
- Non-Toxic** – Gentle and safe formula for the most sensitive ears.
- Non-Irritating** – Pets love it because it doesn't sting.
- Eliminates Odors** – We don't just mask odors; we eliminate them at the source.
- Soothes Ear Infections** – These can be dangerous. Our ear cleaner soothes sensitive pet ears and helps reduce bacterial growth.
