

Pet Gel

more than a pet toothpaste

Reviews

Our cat has always had an ongoing gum problem so we tried Oxyfresh's Pet Gel. At his last checkup, the vet was really impressed.

I used Oxyfresh Pet Gel on my animals for years and they no longer have to have their teeth cleaned. This product is superior and we cannot live without it.

Every pet parent needs this gel ...

Dogs and cats explore the world with their mouths. And **their adventurous spirits can often lead to tooth injury, bleeding gums, and stinky breath.**

What's a pet parent to do? Easy. Give your four-legged explorer Oxyfresh Pet Gel.

This is a soothing blend of Oxygene® and aloe vera ... and it's our **most versatile** oral pet care product. Simply rub on your pet's gum line to **help heal and soothe** irritations and get rid of bad breath. Use as a **pet toothpaste** or apply to open wounds and abrasions for speedy healing power.

Your dog will have no bones with this gel ... **it's tasteless and odorless!**

A "must have" for every pet medicine cabinet.

Benefits

- **Soothes gum and mouth irritations** from illness, injury, or loose teeth
- **Safe and effective** for external use to soothe and heal open wounds and abrasions
- **Use as pet toothpaste** or simply rub on your pet's gum line
- **Easy to use**, ultra-versatile and perfect for all pets
- **Fights odor** and bacteria with the power of Oxygene®
