- Product development and training by dental professionals
- The credibility and support of thousands of dental professionals worldwide

Oxyfresh ... develops products that support the needs of patients!

- Alcohol free
- Fights cavities
- Great tasting
- Dye-free formulas
- Safe for the entire family
- Unique combination of ingredients
- Supports esthetic/cosmetic services
- Ability to customize for any patient's needs
- Clinically-proven breath management system
- Long-term periodontal maintenance and support
- Professional guidance and chairside instruction

Oxyfresh ... delivers solutions to the practice!

- New patients
- Convenience for patients
- Sets practice apart from others
- Opportunity to gain control over patient home care
- One program/system to fully support all restorative, cosmetic and hygiene services – establishes uniformity and simplicity in patient home care
- Viewed as more progressive, caring and service-oriented
- Exclusivity – products not found in grocery stores or markets
- Passive income – income without seeing any more patients or doing additional dentistry

 Oxyfresh®
SAFE. PROVEN. EFFECTIVE.
