Ingredient Glossary

Chlorine Dioxide (Oxygene®)

Our proprietary ingredient. Oxidizes volatile sulfur compounds, eliminates oral odors, has anti-plaque, anti-calculus properties.

Sodium Benzoate

FDA-approved preservative to extend shelf life.

Chondrus Crispus (Carrageenan)

Naturally derived from seaweed, used to thicken and bind ingredients. Also used as a cleaning agent.

Methylparaben

FDA-approved anti-fungal preservative.

Zinc Acetate

Controls odor, fights plaque, and has some remineralization qualities. Also has antioxidant properties to promote healthy tissue.

Sodium Hydroxide

Natural mineral pH adjuster.

Aloe Barbadosensis Leaf Juice

Natural anti-inflammatory antioxidant plant sap that soothes and conditions gums.

Propylparaben

FDA-approved anti-fungal and anti-microbial preservative used to extend shelf life.

Chlorophyllin-Copper Complex

Derived from plant chlorophyll, this is used for odor control.

Sodium Citrate

Natural mineral pH stabilizer.

Chamomilla Recutita (Matricaria)

Natural anti-inflammatory and antioxidant herb used to soothe gum tissue.
