Pet Deodorizer

Pet Deodorizer case

## Ingredient Glossary

### Chlorine Dioxide (Oxygene®)

Oxygene is an incredible odor eliminator. It works by oxidizing the source of the odor. By breaking down the offensive compound it neutralizes the odor without covering it up with a fragrance.

### Chlorophyllin-Copper Complex

Derived from plant chlorophyll, this is used for odor control.

### Sodium Benzoate

FDA-approved preservative.

### Potassium Phosphate

Stabilizer, thickener, and maintains the pH.

### Sodium Hydroxide

Natural mineral pH adjuster.
