

## **Measuring for Cuff Bracelets**

1. Using a flexible tailor's tape, measure the circumference of your wrist by fitting it right above the wrist bone. Do not use string or any other type of tape.

- 2. The bracelet should allow for extra room on the wrist. However, if you are on the cusp between two sizes, you may select the smaller size for a tighter fit, or larger size for a looser fit, depending on your preference.
- 3. If inventory allows, find a similar bracelet that fits really well and measure both metal and the opening for desired fit.
- 4. For additional sizing, or questions regarding your measurements, please contact one of our Art Advisors.

## **Unisex Sizing**

Size	Wrist Measurement in Inches	Wrist Measurement in Centimeters
2X - Small	4.5 - 5	11.4 - 12.7
Extra Small	5.0 - 5.5	12.7 - 14.0
Small	5.5 - 6.0	14.0 - 15.2
