For all your label needs

Synthetic Labels

For specialist applications we are able to provide a wide range of labels made from synthetic materials, whether you need waterproof, freezable, heat resistant or flame retardant materials we can produce a suitable label.

We work closely with the leading suppliers of synthetic self adhesive materials to understand the properties of each material and to offer exactly the right product for your requirements, and where required we are happy to work with you through a period of testing to ensure that the best possible solution is reached.

Alongside our range of synthetic labels we also offer a range of specialist thermal transfer ribbons to suit.

TPS Ribbons

We produce a full range of Thermal Transfer Ribbons in a wide range of materials to suit all applications and to fit printers from all of the major brands.

Whether you require Eco-Wax, Performance Wax, Wax/Resin, Resin or Chemical Resistant Resin we will have a ribbon to suit your needs.

If you're not sure which ribbons you need please call our team who will be more than happy to help.
