FLAMINGO RD HOMEWARES

specialises in fine village woven rattan furniture, homewares and lighting.

This complete and inspiring range combines perfectly in any modern home; beach or country house. Our designs are hand crafted by traditional artisans with unmistakable signature style.

THIS CATALOGUE

This catalogue is a preview of the entire range. With over 200 products, please visit our website to view the whole range:
www.flamingordhomewares.com.au

FLAMINGO RD is an experience, a journey of discovery as we take you through our world of fine rattan and bamboo products from Burma and from around the world.

Our 'village of weavers' in Burma are artisans responsible for maintaining Burma's reputation as producers of the world's finest rattan furniture and homewares. Discover our beautiful range of tradition handcrafted rattan homewares by skilled artisans. And the journey continues with a new addition to our range.

Rattan Sustainability

The rattan plant produces the material used for furniture manufacture seven times faster than a tree produces wood - and each vine can grow to 200m in length! Harvesting is done by hand and the tip of the vine is then re-planted at the base of its tree ready to repeat the process. The vine is then broken down into various parts by locals, the stem is graded by thickness and the skin is peeled to be used for weaving and tying. Our Rattan furniture is then hand crafted by skilled artisans to whom the knowledge has been passed down across generations resulting in exquisite pieces which are built to stand the test of time.

Our signature designs combine to complement effortlessly in any modern home, apartment, beach or country house.

Join the FLAMINGO RD journey!
