OUR DOGGY DITTY

The **BEST** way to carry the things you need while walking your dog!

1. While your dog is leashed the ditty hangs from the handle

2. While your dog is running free the ditty and leash convert to a cross body bag

BRILLIANT!

THE DITTY DETAILS

2 friends with 3 dogs, 6 kids,
loads of creativity & Love...
got together and invented a bag
that makes so much sense
people can't believe no one thought of sooner!

Tina collaborated with entrepreneur Mimi Deck Rutledge to bring you a 100% cotton bag with water-resistant lining and a 4 ½ foot leash. While this patent pending product is totally unique it is a wonderfully simple solution to a common need.

The Doggy Ditty is gorgeous and practical - yet the best part of our product is the way the bag and leash work together! The perfectly proportioned nylon leash, outfitted with the best hardware, keeps your dog safely by your side while on leash. Then ... (this is the exciting part) when your dog is off leash the ditty and leash combine to make a convenient cross body bag!

NOTHING SHORT OF BRILLIANT

WE'VE HEARD IT SO MANY TIMES, WE CAN SAY SO OURSELVES!
