

- Fall Indicator
- EN360 certified for vertical use
- Certified for horizontal application over sharp edges conforming to type A $r > 0.5\text{mm}$ PPE-R/11.060:2018
- Comes with built-in shock absorber without need for additional shock absorber and lanyard

ITEM CODES

HE-10-LE, HE-15-LE, HE-20-LE, HE-25-LE, HE-30-LE

FEATURES

EN360 Vertical Use & EU PPE-R/11.060:2018 Horizontal Use
Max User Load 120kg
Max Force <6 kN
Energy Shock Absorber
4.8mm Galvanised Steel Lifeline with Strength >12kN
Self Retracting Cable on Drum
Fall Indicator
Dual Action Safety Connector with Swivel Strength >23kN
Opening 20mm Zinc Plated

APPLICATIONS

Construction
Oil & Gas Industry
Fall Protection
Mining
Logistics and Warehousing
Heavy & Light Industry
Rescue & Retrieval

TECHNICAL DATA

Material	Galvanised Stainless Steel
Colour	Orange, Black

Available Lengths:

10m, 15m, 20m, 25m, 30m
