

THE ACOUSTIC BOX

WHAT IS THE ACOUSTIC BOX?

The Acoustic Box Company specialises in manufacturing **soundproof boxes**, specifically for enclosing swimming pool equipment. We supply and deliver to all areas in Australia

Our boxes have a unique state-of-the-art design which requires **less than 5 minutes to assemble** and without any special tools

The boxes come in **5 sizes** and **7 different colours**. Custom sizes & colours are also available on request

EASY TO ASSEMBLE

Assembly takes on average 5 minutes - **NO NUTS & BOLTS, NO screws** or special tools required... **NOT EVEN ONE!**

There are only 3 different parts which simply click together in just a few minutes

The boxes can be assembled by one person with no building experience with illustrated installation instructions with every order

SUPERIOR DESIGN

Industrially engineered to provide enhanced sturdiness yet lighter than other models on the market

Design provides more internal space and easy access

Made from thick (0.9 mm) galvanised steel and finished with quality, thick powder coating. A **7 Year Warranty** providing peace of mind

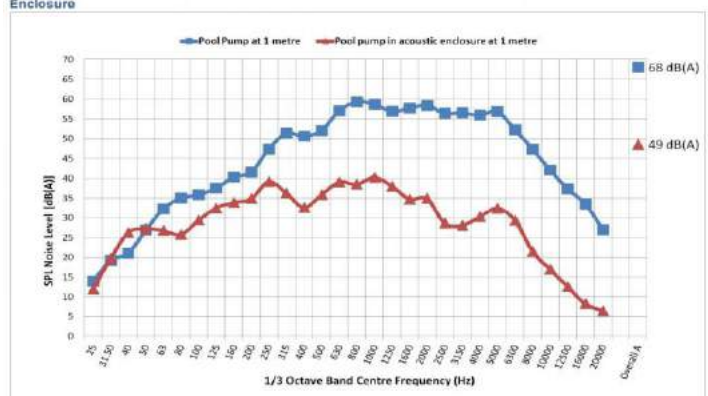

Ventilation gaps allow for air circulation without any water leaks or compromising noise abatement

SOUNDPROOF COMPLIANCE

The Acoustic Box is lined with high quality, 20mm thick, soundproof foam. This generally translates into a **reduction of 70-80% in noise levels!**

The noise reduction is certified by an **Acoustic Engineer report** which is readily available

Figure 6.1 Overall A-Weighted & 1/3 Octave Band Noise Levels - Pool Pump With and Without Acoustic Enclosure

Slim Range:

Model 1599

Internal Dimensions: 1045W X 1100H X 605D
External Dimensions: 1110W X 1145H X 660D

Model 1600

Internal Dimensions: 1595W X 1100H X 605D
External Dimensions: 1660W X 1145H X 660D

The above 2 models are designed primarily for use on the side of the house or in narrow spaces. They weigh 50-60 kg in total and are designed to fit one filter, motor / pump, chlorinator (and a solar heater for model 1600).

Standard Range:

Model 1601

Internal Dimensions: 1045W X 1100H X 1045D
External Dimensions: 1110W X 1145H X 1100D

This model weighs approximately 55 kg in total and is designed to fit one large filter, motor / pump and chlorinator.

Model 1602

Internal Dimensions: 1595W X 1100H X 1045D
External Dimensions: 1660W X 1145H X 1100D

This model weighs approximately 65 kg and is designed to fit one large filter, motor / pump and chlorinator plus a solar heating pump.

Model 1603

Internal Dimensions: 2155W X 1100H X 1045D
External Dimensions: 2218W X 1145H X 1100D

This model weighs approximately 98 kg and is designed to fit a large filter and up to four pumps, solar heating, blower etc.

Footings, Backless & Custom Boxes

We also offer custom cut footings for all models - made from H3 treated timber and cut to exact dimensions. The footings come with timber screws pre-drilled & ready for assembly. In addition to our standard design, we also offer:

- ✓ **Backless** boxes for all sizes (adds 50mm to the Depth)
- ✓ **900mm** and **1300mm** high options as well as **wider** configurations
- ✓ Boxes with additional **side access**
- ✓ **Custom** fabricated boxes

In most cases there are no additional charges and we also have readily available stock in all colours. The Acoustic Box comes in 10 different standard colours:
