

Classy Chargers Wholesale Application

Hi Lovely Customer!

Thanks so much for contacting us about selling our products! Classy Chargers is an innovative solution in personalizing and accessorizing your charger to distinguish it from others. Finally, you can add fashion to your cell phone charger. We use the best generic charger and cable available. Classy Chargers has two different programs to offer our retailers. We would love to share the details of our programs with you.

Our chargers are handmade with special attention given to every detail. Each design is protected with a thick high gloss treatment to ensure the design can withstand everyday handling. We pride ourselves on customer service and guarantee our products for 60 days. We offer a wide variety of fun, trendy designs to fit all personalities. Our chargers are gift packaged with a 3 in 1 usb cable that will work with any cell phone type. This is a great solution for selling our chargers at the retail level. You do not have to know what type of cell phone your customer has as the charger and cable work everyone.

Classy Chargers was established in 2012 from an idea I created to keep our 4 children from stealing my charger! We are thankful for the overwhelming success we have had and would like to pass that on to our retailers. We have tried to keep our price point affordable. Besides being an affordable gift, in today's times everyone could use a second cell phone charger. It's great to have a charger they can distinguish from others!!

Included in this package you will find our Wholesale Application, Wholesale Terms and Conditions. Please download and complete these forms. You are welcome to email or fax the forms back to us. After receiving you completed forms we will send you a "Wholesale Information Package" about the different programs we have to offer. We are here for you with any questions that you may have. Please don't hesitate to email us at info@classychargers.com. We look forward to working with you and hope to become one of your favorite vendors!
