

Elite GH5 Sports Housing SETUP TIPS

Thank you for purchasing this GH5 Sports Housing. These setup tips will help you to be able to control and manually adjust the camera settings with ease whilst the camera is secure inside the AquaTech GH5 Sports Housing.

To make changes to the most common functions like ISO, Aperture, Shutter Speed, White Balance while the camera is installed in the Sports housings please following these instructions.

- Push the Display Menu control 3 times to display the settings menu
- Push the FN2 control to engage the menu
- Use the Left or Right push buttons to navigate through the menu to the function you wish to adjust
- Turn the top rear dial located on the top right of the back plate to make adjustments to the desired function
- Push the Display button once to return to the shooting mode
