

FLUIDSTANCE®

## The Level®

### Balance Board For Standing Desks

Your body isn't made to sit in a chair for 8 hours a day. Change the way your team works with the Level, our most popular model. Our boards allow subtle, non-distracting 360° movement while increasing happiness, burning more calories, and increasing productivity. All while maintaining focus on the work at hand.

#### Materials:

- The base is die-cast, military-grade aluminum (recycling any scrap metal back into the supply chain).
- Powder-coat finish using a near-zero-emission method.
- The Level's beautiful geometric base is topped with a half-inch maple in natural or walnut finish, or bamboo – your choice.

#### Specifications:

- 26.5" long x 12.2" wide x 2.5" tall – About as big as a skateboard. Die-cast aluminum base is .19" thick.
- Weight: 7 lbs, 12oz
- Recommended for users under 300 pounds.
- Made in the USA
