

## HL1 Hoplite

### Product Overview

The Hoplite is an ideal NVG accessory that prioritizes the sacrificial lens, providing exceptional protection during operations. The Hoplite offers crucial protection for the objective lense, shielding it from scratches that can result in costly equipment losses and repairs. By safeguarding your NVGs, the Hoplite ensures that your equipment stays in optimal condition, avoiding unnecessary maintenance and failures that can impact your operations. In addition, the Hoplite design also allows for a rapid focus transition from 18" to infinity without any loss of clarity.

### Compatibility

- PVS-14 Style NVG
- PVS-31 Style NVG
- Various other NVG's: AN/PVS-6, AN/PVS-7(B/D), AN/PVS-23, AN/AVS-6/9, PVS-23 F5050, DTNVG, DTNVS, AN/PVS-18, AN/PVS-15, AN/PVS-31/31A, GPNVG18, MUM-14

### Specs

- Patent No. 7.969.673
- Made in the USA

### Features

- Replaces your existing dust cover and sacrificial lens
- Visual Acuity improves from 20/200 to 20/20
- Eliminates objective lens refocusing
- Simple and Reliable
